W/1 USAF  
17 Apr 53  
12-43

Paragraph 11, last sentence:

"If, however, the US demonstrated its willingness to negotiate, in consultation with its Allies, and at the same time appeared determined to continue improvement of its military readiness and defensive posture, there would be little likelihood that the Communists could separate any of the other Western Powers from the US, even though such is almost certainly a primary aim of the new Communist tactics."
